

Krix Sonix Series One Centre Channel Speaker.

Krix Sonix Series One Centre Channel Speaker Description.

When you have a Centre Channel speaker in your home theatre it should be the **centerpiece**, because it typically delivers over 50% of the soundtrack and a major proportion of the dialogue.

The Krix Sonix is specifically designed to be used in home theatre systems, delivering **excellent reproduction of dialogue** and **stunning centre channel effects**. A 26mm ring radiator tweeter is located between dual 100mm bass drivers to enhance vocal localisation and intelligibility. Front porting and compact size allows easy mounting of the Krix Sonix into most cabinets or joinery.

The Krix Sonix is part of the **Krix Series One** range of home theatre speakers, which also includes the Atomix bookshelf speakers, Rhythmix floor-standing front speakers, and Seismix Cube active subwoofer. These other Krix Series One speakers are the perfect sonic and aesthetic match for your Krix Sonix speakers.
