C-Bus 2
C-Touch Colour Touch Screen
Nail Bracket
5000CTCNA

Installation Instructions

The C-Touch Colour Nail Bracket (part number 5000CTCNA) provides a convenient means of mounting the C-Touch Colour Touch Screen. The nail bracket (illustrated in Figure 1) is used where is it practical to nail or screw the nail bracket into a wall frame.
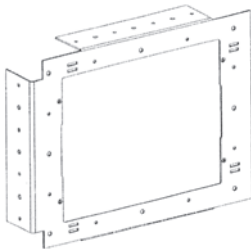

To mount the nail bracket

1) Place the bracket against a beam of the wall frame.

2) Position flush with beams and frame towards front.

3) Nail the bracket into the frame. Alternatively, mark and drill the holes, then screw the bracket into the frame.

4) Feed the cables through to the nail bracket. The use of conduit is recommended. Refer to Figure 2. The number and positioning of cables will vary depending on the particular installation.
